Instructor: Megan Penson, M.Ed.

8:30 – 11:30am

Understanding the Strengthening Families Protective Factors Framework

K3.11 C1, K2.11 C2

This course is based on a strength-based approach to working with families. The focus is the five protective factors: parent resilience, social connections, knowledge of parenting & child development, concrete support in time of need and social emotional competence. Come to this event to get resources and supports in your work with families.

Cost: \$14.00

Key word search: protective factors

12:00 – 3:00 pm

Learning in Any Language: Supporting Linguistically Diverse Learners in Early Childhood Education Programs

K3.1 C1, K3.3 C1, K1.7 C1, K2.11 C1, K2.11 C2

In this course, participants will examine components of culture including linguistic variations and the impact of culture on successful language outcomes. The course will compare first and second language acquisition and identify factors affecting second language acquisition. Participants will use a variety of strategies to implement supportive practices for dual-language learners in the classroom.

Cost: \$14.00
