

EMAIL ALERT:

- Do you want to reduce illness in your early care and education program?
- Do you know when exclusion due to illness is recommended for children and staff?
- Do you have questions about specific illnesses such as pinkeye (conjunctivitis) or hand-foot-and-mouth disease?

Enter the ECELS raffle to win a copy of the newly-updated, award-winning guide, *Managing Infectious Diseases in Child Care and Schools*, 4th Edition. This manual is a \$60.00 value.

To enter the raffle, send at least one infectious disease question and your name, program name, address and phone number to Sandy Sandos at ssandos@paaap.org ECELS will draw a limited number of winners to receive a free copy of this manual. Winners will be notified and all programs will be contacted with answers to their infectious disease question.

This offer is limited to Pennsylvania subscribers only.

For more information on the manual go to <http://shop.aap.org/> and enter the title.
