

Investing in Our Children, Building a Strong Future

a provincial summit on *early childhood intervention*

November 16, 2016 10am – 4pm

Empire Landmark Hotel | 1400 Robson Street | Vancouver, BC

Fee: \$50 – includes refreshments and lunch

Early Childhood Intervention programs are some of the very best investments we make. Without additional program funding for more than 10 years, these programs are facing critical and mounting pressures. Children who are delayed or at risk of delay and their families need support so they can thrive. When they don't receive the support they need, the results can be devastating.

Inclusion BC is hosting a provincial summit to bring together child serving agencies from around BC to build the case for investing in early childhood intervention programs. These programs are essential and we need to ensure decision makers and funders understand the impact of inadequate funding on children, their families and the community.

Our day together will focus on building the immediate and long term case for support to address current program pressures, funding gaps and future needs. Your attendance will ensure we have the information, data and perspectives to raise the awareness of the importance of these programs for the children and families you serve.
