

2016 FALL SERIES

Tuesday, September 27, 6:30 – 9:00 PM

LANGUAGE DEVELOPMENT FOR CHILDREN WITH LANGUAGE DISORDERS

Rosslyn Delmonico, MA, CCC, RSLP, a Speech-Language Pathologist for 36 years, will present a brief overview of language development, language disorders, and dynamic teaching methods for incorporating multiple areas of skill acquisition within the language-learning environment. Attendees will experience "hands on activities" to foster their own creative methods of service delivery. Also addressed will be the social ramifications of technology on Generation Z, and the need for explicit social language instruction within the school curriculum.

Thursday, October 20, 6:30 – 9:00 PM

SENSORY PROCESSING, SELF REGULATION, and STRESS MANAGEMENT

Marc Landry, well known and highly regarded Vancouver Occupational Therapist, will explore brain differences and how this affects learning. He will discuss how sensory processing works, and how it relates to self regulation, sensory diet, and stress management techniques.

Friday, October 21, 8:30 – 9:30 AM

INCLUSION IN THE 21ST CENTURY: DIFFERENTIATING WITH TECHNOLOGY

This presentation will demonstrate ways in which technology can be used as a tool to increase and support students' access to the new BC curriculum in a diverse classroom setting. **Cari Derbitsky**, primary classroom teacher, and **Deana Ungaro**, Educational Assistant, will show some of the adaptive-assisted features built into our mainstream technology which can benefit all learners.

Friday, October 21, 9:30 – 10:30 AM

PACIFIC ASSISTANCE DOGS SOCIETY (PADS)

Pacific Assistance Dogs Society, with help from an assistance dog, will discuss how their work supports individuals with a variety of disabilities and how the dogs can assist with social/emotional learning.

Friday, October 21, 11:00 AM – 1:00 PM

SOCIAL AWARENESS AND SOCIAL SKILLS DEVELOPMENT IN CHILDREN WITH ASD

Bonnie Davis, Registered Clinical Counsellor, will discuss how to build social awareness and social skills in children with ASD. She will provide specific strategies for supporting social learning as well as how to adapt these strategies for different client circumstances. The presentation will also include consideration of the diverse needs and barriers faced by children when developing social skills.

Cost: **Tuesday, September 27 – \$45**
 Thursday, October 20 – \$45
 Friday, October 21 – \$130 (includes continental breakfast)
 Early Bird Special for Oct 20 and 21 – \$160

Workshops will be held at Hycroft, 1489 McRae Avenue, Vancouver, BC
