

Summer 2016 Reconstruction Projects Surrounding US 24 Ute Pass (Phase 2)

For more information: CDOT 719-488-5908, El Paso County 719-520-6540, and City of Manitou Springs 719-685-2594

The following reconstruction projects are scheduled to take place surrounding US 24 Ute Pass throughout summer 2016. All involved jurisdictions are collaborating on construction schedules to minimize inconvenience to the traveling public, to the extent possible.

1. **CDOT** – Site A: Resurfacing Project – US 24E to Serpentine Dr. (September to mid-October 2016)
CDOT – Site B: Resurfacing Project – Four locations (September to year end 2016)
2. **CDOT** Bridge Rehabilitation Project: Rainbow Falls Bridge (Late March to September 2016)*
3. **El Paso County**: FEMA rehabilitation project – trail repairs – Project complete
El Paso County: Transportation Enhancement Grant – Parking lot, trail and other facility enhancements (TBD – Completion: TBD)
4. **City of Manitou Springs**: Slope Stabilization Sunshine Trail south of US 24 (Mid-September – Late October 2016)
5. **El Paso County**: Hazard Mitigation Project - Open space creation from Voluntary Acquisition and Demolition of 3 properties (not noted on map, further up US 24 west)
FEMA/Community Development Block Grant – Disaster Recovery (TBD)
6. **CDOT** I-25/Cimarron Interchange Design-Build Reconstruction Project (not noted on map): Construction at the I-25 Interchange and US 24/Cimarron Street continues through Winter 2017

*Drivers wanting to access Manitou Springs from US 24 will temporarily need to use Serpentine Dr., Washington Ave., or preferably, the US 24/Manitou Ave. Interchange (best route for large trucks and tour busses).
