

Be a **Front Runner** in Education and Join Master Leadership Academy

Vision: To develop data-driven educational leaders in the areas of instruction, operations, and school transformation.

Mission: Educational leaders will work with data to establish goals and expectations, allocate resources strategically, ensure quality teaching, lead learning and development, engage parents and community, and ensure a safe and orderly environment (Fullan, 2014; Marzano, 2005).

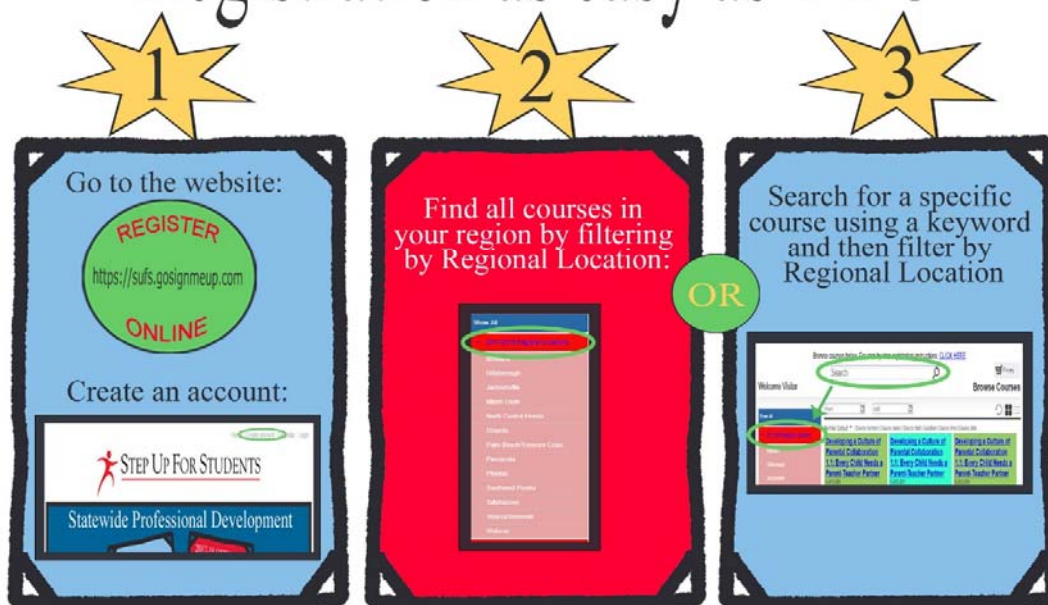

Topics covered include:

- ✓ Data-Driven Educational Leaders
- ✓ Six Dimensions of Student-Centered Leadership
- ✓ Using Data to Establish and Maintain Goals, Expectations and Safe Environments
- ✓ Using Data to Allocate Resources Strategically & to Ensure Parent and Community Engagement
- ✓ Using Data to Improve the Quality of Teaching and Learning
- ✓ Using Data for Clear Communication and Effective Relations
- ✓ Using Data to Lead Learning and Development in Your School
- ✓ Being a Transformational Leader through Developing and Implementing a Leadership Action Plan

This class is offered FREE of charge and all necessary materials are provided for use by participants. Join with administrators and teacher leaders from your region in a collegial and collaborative learning opportunity.

****All six sessions occur on various afternoons depending on the region****

Registration as easy as 1-2-3
