

Men's Club is very excited about the upcoming year. Thanks to a generous grant from the Jewish Community Foundation, our first event of the year will be a presentation by Dr. Itzhak Brook, MD who served as a medic and military physician in the Six Day and Yom Kippur Wars in Israel. The presentation on Sunday, September 23 will be open to the entire CBT and extended community at 11:00 AM, with a brunch for members of Men's Club at 10:30 AM. This is an event you will not want to miss!

Just 3 days later, we will be having a repeat of our very successful program, BYOB and pizza in the Sukkah on Wednesday, September 26. For this to happen, we need some strong men to help build the Sukkah at 9:00 on Sunday, September 23 before our brunch, so please come out for both.

On November 21, we will be hosting NJ State Senator Troy Singleton who will discuss the upcoming mid-term elections. Other programs include bowling with the Men's Club and our

TLC students, Eagles/Cowboys game viewing, and a big name speaker for our joint meeting with Sisterhood on January 13. Look for more details as we finalize this "can't miss" event.

We are very open to new ideas, so let me know what you would like to see this year. We are also looking for a few good men to help us with fundraising, so if you have any ideas, please be in touch.

We are reforming our softball team for Spring 2019, so reach out if you are interested in participating or being a manager. Watch for a meeting in the fall for interested men! It should be a lot of fun for all ages.

Men's Club is once again coordinating ushers for the high holidays. This year, we are inviting ALL CBT members to serve as ushers. You will be paired with an experienced usher to help welcome other congregants and guests. Please contact me if you are interested in taking a shift.

Our Men's Club is evolving and growing into what the men of CBT want it to be, so please make it your own and share your ideas with us. We want this to be a group that serves the interests of everyone, so we are very open to trying new programming and ideas. Have a great summer!

Shalom,
Ken Siegel
Men's Club President
