

Dear HCA family,

This is Olga and her family. Olga has been to visit many times over the 18 years we have been involved in their ministry to orphaned children in Belarus. They lead little ones to Christ and do all they can to make their lives brighter.

Remember when Thomas (oldest boy) came and spent six weeks here at HCA? He is in 8th grade now.

Thomas and his family are still in Belarus (near Russia) and they have a ministry to about 350 orphans. As usual we are collecting money to send to them for Christmas.

Guess what is a favorite present for kids in Belarus?

Their own box of chocolates!

It costs about \$5.00, and will probably be the only gift they receive this Christmas.

Let's see how many of the 350 kids we can help to have a better Christmas. Please bring in your money between now and our Christmas program, on 12/14/17. Our Student Council members will be collecting for Belarus while they bring in your Children's Shop donations next week.

The pictures below are of some of the precious children Olga's ministry serves. Maybe some of the kids you see will get chocolates from you!!!

If you want more information about this marvelous ministry, ask Mrs. Hayward or check out their recent newsletter <https://madmimi.com/p/02023b>. Olga's ministry, Spring of Revival, is now under the umbrella ministry of Stoneworks. Check them out at <http://www.stoneworksinternational.com>.
