Cyber Security trends for 2018
Hereford House

The President's Corner

In kicking off 2018, I would like to say we had a memorable 2017! We had 2 successful networking/happy hour gatherings and 11 chapter luncheon meetings. I would like to express a great deal of gratitude to ISSA KC officers for making this possible. We are looking forward to keep on volunteering our time to facilitate meaningful experience for our members and community.

ISSA 2018 Objectives:

1. Ensure quality content presented month over month
2. Ensure we meet at suitable and desirable venues
3. Ensure our member majority interests are incorporated into our program planning continuously
4. Engaging local community and other organization regarding Security awareness

We are looking at hosting ISSA KC conference in 2018. Please let us know if you like to be part of ISSA KC Board or planning committees (president@kc.issa.org).

Thank you and best wishes for 2018!

Sincerely,
Naeem Babri
President, ISSA Kansas City

Upcoming ISSA-KC Monthly Chapter Meeting Schedule

Feb 22nd, 2018
Beyond Password Management
at Lidia's Restaurant

March 22nd, 2018
More to come
At Brio Plaza

April 26, 2018

At Hereford house

FS-ISAC's Building Cybersecurity Diversity (BCD) Scholarship Global Expansion

FS-ISAC is excited to announce that the Building Cybersecurity Diversity (BCD) scholarship program is going global! Through the generosity of our sponsors, FS-ISAC will be offering scholarships to women in Singapore, Australia, the UK and the US in 2018.

We need your support to be successful. Please tell your contacts from colleges, universities, community colleges, polytechnic, trade schools and private schools with a program in cybersecurity to visit us [online](#) or [email us](#). We don't want to miss a single school!

Also, if you know a female student interested in applying for one of the upcoming scholarships we will begin accepting applications for the AP on 1 February, EMEA on 1 March and the US on 15 March.

FS-ISAC Expert Webinar Series

Join FS-ISAC for a members-only Expert Webinar Series (EWS) session. These webinars are designed to bring hot topics and expert discussions right to your screen. Moderated by FS-ISAC hear from subject matter experts (SMEs) and industry thought leaders on hot topics, top-of-mind issues and trends. [Register for an upcoming session](#), [learn more about the EWS](#) or [view an available on-demand webinar](#).

New Upcoming Session – FS-ISAC Expert Webinar Series: Combatting Business Email Compromise with Active Defense – Turning the Tables on Cybercriminals

23 January | [Register](#)

Join FS-ISAC, FBI and Agari for an Expert Webinar Series (EWS) session as we discuss how to track, identify and disrupt criminal organizations. Gain insight into the BEC criminal ecosystem from attack method intelligence collected during infiltrations and discover how your organization can protect itself. [More](#).

New On-Demand Session – FS-ISAC Expert Webinar Series: Attack and Recovery

Join moderator FS-ISAC to hear about a common thread running through multiple campaigns that RSA Research detected while investigating a popular class of exploits related to Shadowfall, including the RIG Exploit Kit, domain shadowing and ransomware. [More](#) or [view on-demand](#) (password EWS17).

INTERFACE on July 12th 2018 and ISSA members can register to attend at no cost:

<http://www.interfacetour.com/evites/kcm/issa-kcm.htm>

Each member can earn up to 6.5 CPE credits during the day. Please visit the web site for further information.

ISSA-Kansas City January 2018 Chapter Event

Event Date/Time: Jan 25th - Thursday

Topic: Cyber Security trends for 2018

Topic Summary: Our world is networked together, where companies and home users rely on networked systems and the data stored in them. 2018 will be a tipping point year as we all become more connected and influenced by new digital transformations. We will be presented new cybersecurity threats and landscape. Cybersecurity is one of the most critical issues that will need to be addressed, not just in the workplace but in our home lives as well.

Speaker: Mike Tyk

Bio: Mike Tyk leads the Security Advisory Services; for Novacoast. Security Advisory services assists client's with predicting, preparing, detecting, and responding to modern threats by increasingly sophisticated attack actors. He is a trusted advisor to Security and Technology executives, as well as a member of senior management to Novacoast's customers, where he provides incident readiness strategy, direction, governance, compliance, industry trends and threat landscape evolution. Assisting clients who require an experienced leader to step in and take charge of building a security program from the ground up and helping evolve existing security programs into their next stage of maturity.
