#### **‘Global Health Forum 2018: Innovative Approaches to Global Health Challenges in Low and Middle-Income Countries’**

November 1-2, 2018 | Beirut Lebanon

The Forum convenes stakeholders from various disciplines to showcase innovative ideas and practical cases of innovations in global health either originating in or applicable to the LMIC context.

The Scientific Committee of the Forum is issuing a **call for abstracts** on scholarly work that is related to global health, with an emphasis on generating evidence and recommendations for contextualized innovations applicable to the Global South. All abstracts will be peer reviewed for research quality and scientific content. Accepted abstracts will be presented in two poster presentation sessions that will be held as part of the Forum.

Eligible abstracts include research related to the following tracks:

- Integrating Information Technology in Health Systems of LMICs
- Adopting innovative approaches to humanitarian crises, prevention, and response
- Using Digital Health (eHealth, mHealth, telehealth, etc.) and Internet of Things to enhance access of hard-to-reach populations to healthcare
- Utilizing big data analytics to improve health outcomes
- Employing innovations in global health education
- Enhancing public-private sector partnerships for innovative solutions in low-resource settings

Accepted abstracts will be scheduled for **posters display** on November 1, 2018 from 1:30PM to 2:30PM and November 2, 2018 from 2:00PM to 3:00PM.
