Elysee's Royal Beauty Day Cream is an intensive beauty treatment product featuring a blend of peptides and botanicals to help rejuvenate and restore the visible signs of aging caused by stress, fatigue and environmental aggressors.

After the age of 30 or so, moisture slowly begins to dissipate and gradually skin begins to roughen, wrinkle, dry and thirst. This highly concentrated formula features the best that Mother Nature has to offer…botanical and essentials oils, beeswax and royal jelly, but it doesn’t stop there! We’ve included a multi-ingredient blend that helps to delay skin aging by applying new topical discoveries in epigenetic science.

What does this mean for you? This luxurious dream cream has the revitalizing capacity to optimize collagen, elastin and the skin’s natural ability to protect itself against environmental influences. You will notice an improvement in the appearance of skin tone and texture, hydration and revitalization of the skin. Our Royal Beauty Day Cream helps you maintain a youthful skin in an aging environment.

**BENEFITS:**
- Contains Royal Jelly, a rich source of vitamins and amino acids such as B vitamins: B1, B2, B3, B6, B12, biotin, folic acid and the vitamin B-like substance, inositol. It is a major natural source of pantothenic acid and acetycholine. Also contains vitamins A, C, D, E and 7 minerals, 18 amino acids, fatty acids, enzymes and more.
- Helps activate skin vibrancy and glow.
- Features peptide complex that mimics royal jelly to maximize positive effects on the skin.
- Helps to maintain youthful skin in an aging environment.
- Helps to optimize elasticity, collagen and naturally-occurring components in the skin to renew resilience and firmness.
- Multi-ingredient blend helps to reduce the appearance of sagging skin and premature signs of aging as a result of oxidative stress.

Optimize your skin’s natural youthfulness…fight against lack of firmness, tired and dull skin…with the latest that topical science has to offer in our fight against the aging process!

**Directions:** Apply a light layer to face and neck, in the morning, following your favorite Elysee serums.

**Clear Effects**

**Down N’ Dirty Mud Masque, 4 oz.***

Our cooling, aromatic masque absorbs excess oils and draws impurities from the skin with a unique blend of clays, also known for their excellent refining action on enlarged “pores” and oily areas of the skin.

This weekly beauty treatment also contains Linked Papain, a natural enzyme collected from Papaya Fruit; an alternative to AHA’s without the irritation and great for sensitive skins. Exfoliating enzymes promote gentle exfoliation by digesting dead, keratinized skin which makes large pores less visible (especially on nose and forehead) and clears away dead cells providing a balanced skin environment so your complexion appears smoother and more refined.

Pycnogenol® is an extract from the bark of the French maritime pine tree, a bioflavonoid family of compounds, which grows in Les Landes in south-west France. Researchers have found that Pycnogenol is important to artery and skin health; but more importantly, Pycnogenol is a proven free-radical scavenger. It is 50 times more powerful than vitamin E and 20 times more potent than vitamin C against free radicals.

More than 220 scientific articles and clinical trials have confirmed Pycnogenol®’s safety, absence of toxicity and clinical efficacy. In today’s marketplace, Pycnogenol® is one of the best researched natural products. Scientific evidence on its Antioxidative Capacity and protective action on the Vascular System have been published in the most renowned scientific journals. Additional published findings have demonstrated Pycnogenol®’s beneficial effects in Diabetes, Cholesterol Control, Inflammation, Asthma, Skin Care, Menstrual Disorders, Fertility, Sport Endurance and Cognitive Function in children and elderly.

Pycnogenol® binds and protects collagen, the protein that keeps the skin tight and smooth. Enzymes and free radicals can no longer break down collagen and elastin fibers, the process enabling development of wrinkles.

An exceptionally powerful antioxidant, Pycnogenol® protects vitamin E from oxidation and recycles oxidized vitamin C to extend its bioactivity.

Pycnogenol® improves microcirculation of tiny skin capillaries, supporting better oxygen and nutrient supply, better hydration as well as a healthier look and more vibrant glow.

Pycnogenol® is an anti-inflammatory and helps to protect the skin from the havoc caused by exposure to UV light. This ingredient helps prevent photo-ageing, and extends the skin’s resistance from getting sunburnt.

### Conclusive Benefits of Pycnogenol® in Cosmetics

- One of the most powerful antioxidants
- Enhancement of skin renewal
- Selective binding, strengthening & protection of collagen and elastin
- Supporting skin firmness, smoothness and viability
- Increase of microcirculation
- Increase of skin integrity
- Anti-inflammatory activity
- Anti-photo-ageing and sun protection effect
- Proven safety in topical applications

As I write this article, we are truly experiencing fall weather - the trees are beautiful colors and the temperature has dropped! But, tomorrow I fly back to Australia where they are going into spring! So, it’s how to get out of Wisconsin without freezing and arrive in Australia without cooking!

It’s also the beginning of the busiest season of the year - with Thanksgiving and then Christmas! "Elyssee makes a fabulous gift for ourselves and those we love because it’s a gift that keeps on giving!

We receive so many great testimonials on the great results Elyssee delivers! Just this morning on Facebook is a testimonial from a lady who has been in the cosmetics industry for many years. She said that she met a friend she hadn’t seen in 20 years, and the friend asked her what was doing because she hadn’t aged! She told her Elyssee!

I was attending In-Cosmetics the middle of October, and it always amazes me how many cosmetic companies that formulate for those big companies are on Elyssee because they want results! A big theme of the conference was epigenetics, and Elyssee is already bringing that technology to you! We bring you tomorrow’s technology today! We were the first to explain it’s not what’s in a product that delivers results - it’s the level! Now, you hear companies try to market results with comments like, "we use the clinical levels!" And in most cases, they have the lowest amount. Elyssee takes theclinical and go to the highest amount tested and then do our own testing to confirm that you won’t get better results from going even higher! Our family has dedicated our lives to bring you the most results-driven products at the best prices!

We’re so excited over those of you who have had a chance to try the new Royal Beauty! I gave a sample to a flight attendant; and on my recent flight home, I had the same attendant and he threw his arms around and said he was so excited over the results he was getting! He said he was telling everyone about Elyssee! These are the kind of responses we want! With the cold winter months ahead of us, Royal Day Cream is a must have!

Dr. Blumenthal introduced Royal Jelly into skincare in the world; and to my knowledge, we are still the only cosmetic company with 350 milligrams of Royal Jelly in our products and now we’re the first to bring you Royal Jelly technology that works on your epigenetics taking your skin to a whole new level of youthfulness!

This month is special because it’s Thanksgiving, and I’m so thankful for my wonderful family and to each of you! Your love of Elyssee is making Elyssee a household word - that was my mom’s dream! Never let a day end without thanking those special people in your life or telling them you love them! We don’t have tomorrow and yesterday is gone so make today special and make a difference in someone’s life!

Our love and appreciation, and wishing you and your family a Very Happy Thanksgiving!

Linda

Thanksgiving Blessings...Being Thankful—AUTHOR UNKNOWN

Be thankful for the clothes that fit a little too snug...because it means you have enough to eat.
Be thankful for the mess you clean up after a party...because it means you have been surrounded by friends.
Be thankful for the taxes you pay...because it means that you’re employed.
Be thankful for household chores...because it means you have a home.
Be thankful for your heating bill...because it means you are warm.
Be thankful for the far away parking spot...because it means you can walk.
Be thankful for the early morning alarm clock...because it means you’re alive.
Happy, Happy Thanksgiving!
My favorite time of the year is here! The changing of the seasons. The beautiful fall foliage. Pumpkins and turkey and Christmas oh my!

Everyone will be bustling about, planning for upcoming Thanksgiving dinners, finding that perfect gift on your loved one’s lists, getting together with loved ones, and so much more.

Regardless of age, the gift of everlasting beauty never goes out of style. We have some fabulous kits, jumbo sizes and “try me” items for everyone on your list. These are available in limited quantity for the holidays only, so be sure to share with family and friends.

Are the kids already putting in their must-haves list? Have you started your holiday shopping yet? This year will be especially “busting” for me as we are in home makeover mode—inside and out—and, I will soon be traveling more for business. So, that means, I have to jump on my holiday shopping right now!

We have a handful of family get-togethers on the calendar between Thanksgiving and Christmas, and then we also head out to bring in the New Year in warmer weather.

It’s so hard for me to believe that my kids are grown, living on their own and creating their own family units—which just makes time with them that much more important and special.

One of their all-time favorites always on the holiday list is our Clear Effects System—offered for the holidays as the lowest price ever! This is such a popular and simple system that it’s never far from reach and that includes the reach of their friends as well;) November is a time when we all take note of the many blessings we have been given. I’m very grateful for my family, special loved ones and the life we have built.

We extend our greatest appreciation and gratitude to each of you and your families on this Thanksgiving holiday.

Happy holidays! Jenn
