

Alabama Golf Course Superintendents Association

Scholarship Program

The goal of the Alabama Golf Course Superintendents Associations Scholarship Program is to support future golf course superintendents in their educational needs.

The Alabama Golf Course Superintendents Association is committed to awarding one two thousand dollar turfgrass scholarship annually to this purpose. The Association will award this scholarship annually at its Annual Meeting in November. Checks for scholarship will be payable to Bursar of recipient's.

If there are no eligible applicants, the Association reserves the right to designate the scholarship funds accordingly.

Scholarships are to be awarded only to full time students (i.e. 12 credit hours per semester). Scholarship applicants must be enrolled in an agricultural major emphasizing turfgrass management. Minimum grade point average of 2.0 will be required. Application deadline is October 15th of the year. Marketing of the program is to occur through turf management advisors at universities and the Golf Course Superintendents Association of America. Applications may also be obtained through the ASGCA executive secretary.

The Scholarship Chairman is to recommend those candidates he feels worthy of the award to the board for final approval.

Guidelines approved by the Board of Directors, December, 2010
