

Connect with the

MID-ATLANTIC PACE ALLIANCE at the 2018 MARYLAND CLEAN ENERGY SUMMIT

The Mid-Atlantic PACE Alliance Regional Forum will feature case studies and explain how to advantageously finance energy improvements, water conservation measures and building renovations using a property assessed clean energy (PACE) lending strategy.

Learn how to capture savings and cost-effectively upgrade facilities with 100% financing, extended terms and low upfront costs. Contractors as well as building owners and facility operators, will benefit from this targeted pre-conference event at the 2018 Maryland Clean Energy Summit (mcecs Summit.org).
