**SCHOOL GOVERNANCE COUNCIL**  
**2 YEAR PARENT CANDIDATE**

# VEDAT AKGUN

Dear Parents, Teachers, Administrators and Staff Members;

I am a proud father of a senior and an incoming freshman at MHS.

I have always involved with public education as long as I can remember as a student, as a parent, as a founder of multiple charter schools, and as a founder of a non-profit education management organization. I am also one of the founders of a unique 501c3 non-profit charter school facilities corporation.

As a first generation immigrant to the United States in 1993, I completed my Ph.D. at the University at Buffalo, where I was honored to get a free education and a stipend from the tax payers. That left a forever lasting effect on me and as soon as I started my professional life, I got involved in STEM education to provide the very same opportunities that I got in life.

I cannot live without being involved with a charitable and a public cause. My passion and dedication for public education is insurmountable and I want to bring my 19 years of experience in the US public education to MHS's service.

I am a Sr. Manager of Supply Chain Analytics at Verizon and I reside in Alpharetta with my wife and three children.

Yours sincerely,

Vedat Akgun, Ph.D.
