# RENEE DENNEY

I have been serving as a Theatre Director at Milton High School for the past twelve years and have been involved in the TAG department for the past six years, serving as TAG department chair for the past two years. I hold a B.F.A in theatre performance from Auburn University and an M.F.A in theatre performance from the University of Tennessee's International Actor Training Academy. Because I have experience at Milton in a variety of capacities, I am interested in serving on the SGC in order to represent the multifaceted faculty's wants and needs and hope to help shape the future of Milton High School.
