

PUBLIC FORUM ON **GAS LEAKS** IN WELLESLEY

Tuesday, March 21

7:00 to 8:30 pm

Wellesley Free Library, Wakelin Room

Free and open to the public

**Wellesley has more than 200 gas leaks from the pipelines under our streets.
Leaking gas poses a risk to our safety, our health, and our environment.
As ratepayers, we are all paying for this wasted gas!**

Featured panelists include:

Dr. Nathan Phillips
*Dept. of Earth
& Environment,
Boston University, on
environmental impact*

Audrey Schulman
*Home Energy
Efficiency Team, on
improving coordination
to repair leaks*

Dr. Regina LaRocque
*Mass General Hospital,
on dangers to human
health*

Sue Fleck
*Vice President, Pipeline
Safety, National Grid,
on fixing the leaks in
Wellesley*

Town officials will also be available to answer questions.

Co-sponsored by Wellesley Board of Selectmen, State Representative Alice Peisch, State Senator Cynthia Creem, State Senator Richard Ross, Natural Resources Commission, Sustainable Energy Committee, Health Department, and Sustainable Wellesley.

Simple solutions for lower impact living.
