

Book Club Help

Check out our new display of Book Discussion Kits. This rotating collection includes classics as well as newer releases, and there are over 30 titles to choose from, including fiction and non-fiction.

Each kit contains a binder with a description of the book and author, excerpts from reviews and book discussion questions. There are 15 copies of each title included in every kit, making it convenient for book club members to obtain a copy.

Kits can be put on hold and renewed just like other library materials. Due dates can be extended to overlap the date of your actual book discussion.

Due to space limitations, not all kits are on display. Copies of the Book Discussion Kits list is available and updated as titles are added. If you have any questions, call the library and ask for Melissa or Paula – they are ready to help your book club experience convenient and enjoyable.
