

ANNUAL

Cornhole Tournament

Saturday October 28, 2017, 9:30am

Location: Pera Club, Tempe, AZ

The American Society of Civil Engineers Phoenix Branch Young Members Forum will host its annual Cornhole Tournament and BBQ!

The Cornhole tournament is this year's annual fundraiser for the ASCE Phx Branch YMF Foundation.

The YMF Foundation promotes engineering education and community improvement and also provides support for engineering related projects that have had a profound impact on the community.

In addition to supporting the YMF Foundation, this fundraiser helps fund ASCE Phx Branch YMF community outreach, professional development, and networking events. These events give young professionals opportunities to advance their careers and better our community and industry.

The success of our tournament is attributed to the many sponsors and donations provided by companies just like yours. A sponsorship or donation by your company provides an excellent opportunity to display your name to an exclusive group of potential clients and customers.

We sincerely hope that you will consider becoming a part of our tournament through a sponsorship, joining us to play/spectate, or through a donation such as cash, gift certificate, or a door prize.

All donations can be arranged for pickup or mailed to

Skye Gentile, PE
C/o Parsons
