

## Scott Builders & United Way: Together, Creating Possibility

On November 4, 2016 Scott Builders held their Annual Kick-off Lunch – marking 23 years of support for United Way. We are fortunate to have Josh Edwards from Scott Builders on our Board of Directors, so he made sure the event was a huge success!

Client Ambassador Tia Fitzpatrick and her mom Jodi Bell joined us for the event. Tia spoke to the crowd about the hardships she has overcome with the help of her Big Sister Marlo from the Heartland Youth Centre – a United Way-funded agency. Hers is a truly inspiring story.

Scott Builders is a community oriented employer: they believe that not everyone has a community, but everyone deserves one, and that was evident in hosting us for their Kick-off. The feeling we experienced was one of welcoming and kindness. [This inspiring video](#) that they submitted for our United Way Kick-Off in September highlights that community-minded spirit.

A huge “Thank You” to all the staff and volunteers that made this day a success.
