

The health film that health organizations don't want you to see

Please join us for an exclusive, one-night only screening of **"What the Health"** at Barrington Congregational Church.

"What the Health" is the groundbreaking follow-up film from the creators of the award winning documentary *Cowspiracy*. The film follows filmmaker Kip Andersen as he uncovers the secret to preventing and even reversing chronic diseases - and investigates why the nation's leading health organizations don't want us to know about it. It exposes the collusion and corruption in government and big business that is costing us trillions of healthcare dollars, and keeping us sick.
