

## **5 year Strategic Plan for Planting Disciple Churches**

### **Overview**

This document presents the method and means that the Christian Church (Disciples of Christ) of Greater Kansas City region will strategically plant disciples to multiply churches within the Greater Kansas City area. Learning from other church planting organizations and denominations that have successfully planted churches developed this strategy. However, the goal for CCDOCGKC church plants is to be anti-racist/pro-reconciling communities that bring about justice and solidarity in neighborhoods through the work of the good news of Jesus Christ. TEAM New Church tailored the strategy to fit within the General Church's 2020 Vision and Mission First! initiative.

### **Vision**

To be a faithful, growing church that demonstrates true community, deep Christian spirituality and a passion for justice. – Micah 6:8

### **Mission**

To be and to share the Good News of Jesus Christ, witnessing, loving and serving from our doorsteps “to the ends of the earth.” – Acts 1:8

### **Strategy**

CCDOCGKC will engage potential planters before they are ready to launch. Through an application process, CCDOCGKC will Identify, Coach, and Mentor potential planters. This is how CCDOCGKC will support and train the planter prior to them being sent out. There are five priorities for CCDOCGKC planting strategy.

1. Be an incubator of pro-reconciling/anti-racist churches that see their potential community in all ethnic and racial backgrounds.
2. Maximize the success of each planting team by providing resources and support to become an effective and diverse missional plant.
3. Have five new missional plants within five years that are focused on reconciliation, justice, and Christian unity.
4. Have multiple interns to a missional plant, which potentially broadens the pool of talent who will also plant and be a learning Region.
5. Mobilize all regional churches to support new missional endeavors.

## Steps

There are steps to make the planter successful and to fulfill the priorities of the strategy. The greatest asset to a plant is the planter himself or herself. Therefore, CCDOCGKC must structure staff and finances to the long-term development of planters.

**Step 1. Identify**-Commission for New and Transforming Church must intentionally find future planters through colleges, assemblies, and other churches and invite them to apply to become a planter in order to continually have successful church plants. (2-6 months)

**Step 2. Discern**-Planters will go through an assessment to better understand their personal history, leadership skills, call to planting and character of not only themselves but also their spouses/partners (if applicable). This is to ensure their suitability for planting. If calling is affirmed, then they will be assigned a mentor and coach and be put forward to the Regional Board. (2-6 months)

**Step 3. Disciple**- This is a two-part process. Due to the many stresses in planting a mentor is assigned to have tough one on one conversations to keep accountability to the planter; this is to include but is not limited to having conversations about relationships, finances, self-care, and boundaries.

A Coach will be assigned to help with the development of the plant. They will help the planter to understand the purpose of the plant by identifying the need within the community, developing a strategy to meet that need, gathering a core group to help them launch, and planing how to launch the missional plant. If at all possible this will be done in a cohort setting of other planters.

The planter will observe staff management, leadership structures, worship teams, administration practices, discipleship programs, etc. from both coach and mentor. (1 year)

**Step 4. Send**- This step is the culmination of mentoring and coaching when the plant officially launches. Commission for New and Transforming Church offers support and continuing education, including grant matching (4 years).

## Potential Planting Models

**House Church Strategy** - House churches are typically small, limited to the number that can fit in a home or a small meeting space.

**Partner Church/Multiple “Parent” Strategy-** An existing DOC congregation (or, perhaps, several churches) serves as an anchoring, sponsoring, or parenting force in launching a new church.

**Intentional/Common Cause Communities-** Typically, Intentional Communities remain small in size (3-12 people) and have no plan to “formalize” as chartered churches with land and a church structure.

**Missional/Incarnational** –Focuses on building relationships and getting people into smaller groups where they can study God word together and serve each other and their community.

**Online-**Completely starts via the Internet and still holds corporate events either in person in virtual space.

### **Potential Planting Sites**

Downtown KCMO  
River Market KCMO  
Downtown KCK  
Downtown Lee’s Summit MO

Midtown KCMO  
Roeland Park KS  
South Grandview MO  
Leawood KS

### **Financial Plan**

The Greater Kansas City Region has had a long and stellar history in new church development and has established a sizeable endowment and investments that provide income for new church projects. Existing congregations have the opportunity to add support to this ministry through the Pentecost offering and Annual Fund. In efforts to support planting, there would be grants available to the planter that would be agreed upon and dispersed over a five year period. A Memorandum of Understanding would hold in covenant the church plant and CCDOCGKC.

It is recommended that a church planter seek more than one source for financial support. This could occur in different ways, such as partnering with a sending church, gathering individual supporters, and directly from the core group itself. The level of support from CCDOCGKC depends on the amount of support received. The more a church planter finds ways to become sustainable, the more investment for CCDOCGKC.

### **Outcomes**

1. New Pockets of anti-racist/pro-reconciling communities that are zealous for Missio Dei, spiritual practices, children's development, and Christian education.
2. Leaders that are well developed and supported to be the catalyst for deep spiritual communities.
3. Rejuvenation and revitalization of congregations within the CCDOCGKC Region.

### **Affiliation**

If the planting team and community are not affiliated, there will be two processes that run parallel with each other. First, there must be a credentialing process for the ministerial team. Secondly, the congregation must start the affiliation process. (See Affiliation Document)

This Memorandum of Understanding (the “MOU”) is made and entered into by and between TEAM New Church of the Christian Church (Disciples of Christ) of Greater Kansas City Region a Missouri nonprofit corporation (CCDOCGKC) and a [STATE] nonprofit corporation [Church Plant Name]

- A. As a church planting service of the Christian Church (Disciples of Christ) of Greater Kansas City Region the TEAM New Church seeks to i) identify new and innovative Disciple church plants throughout the CCDOCGKC Region by creating pro-reconciling and anti-racist communities of compassion and care related to the mission of God, ii) provide financial and other support and guidance to those New Churches as they seek to develop and establish their ministry and iii) help connect those New Ministries with other Disciples and Disciples related organizations throughout the Church that provides care each

day through child welfare programs, affordable housing, elder care and other areas of missional outreach.

- B. As [TYPE OF MINISTRY], [ORG NAME] exists as a [LONG ORG DESCRIPTION].
- C. CCDOCGKC is willing to provide [ORG NAME] with financial and other support as it undertakes to develop and grow its ministry and to designate it as an “Affiliated Ministry” of the CCDOCGKC Region.
- D. [ORG Name] is willing to identify itself as an “Affiliated Ministry” of the CCDOCGKC, share its journey of growth and development with the CCDOCGKC, and participate in combined learning and development activities through the term of this MOU.

IN ORDER TO ACCOMPLISH THEIR MUTUAL GOALS CCDOCGKC AND [ORG NAME] AGREE AS FOLLOWS:

- 1. Agreements of [ORG NAME]:
  - a. In cooperation with the Christian Church (Disciples of Christ), as well as other denominations, faith communities, neighborhoods, community organizations, and public/government entities whenever possible in [GEOGRAPHIC AREA OF SERVICE], actively seek out and develop opportunities for its intended ministry. This includes but is not limited to: [MISSION DESCRIPTION].
  - b. Connect, Support, and Celebrate as possible with others around key issues affecting those served by the ministry.
  - c. Actively work to educate the communities it engages as well as the Christian Church (Disciples of Christ) about its goals, values, and commitments.
  - d. Serve, as appropriate, as a mentor/encourager to other ministries and individuals within or considering the CCDOCGKC Church Planting Initiative who may be interested in developing similar organizations.
  - e. In order to assist the growth of other similar ministries and to help foster the growth of new ministries, prepare a semi-annual report by June 30 and December 30 (or the nearest weekday) of each reporting year about the ministry and Programs of [ORG NAME], its activities, successes and failures

and what it has learned from its work that could benefit other ministries throughout the country. The reports will include providing financial reports evidencing the use of the grant received from the CCDOCGKC.

- f. Share the story of [ORG NAME] and its development and activities in writing and through speaking engagements with Disciples and others in local and broader contexts. This includes [ORG'S] Director (or her/his designee) writing two blog stories March 30 and September 30 (dates are rough ideas and can be modified) of each year in the MOU. [ORG NAME] grants [CCDOCGKC] the right to share the story of their ministry in a variety of media formats including written and electronic as well as through the use of images. In doing so, CCDOCGKC will seek the editorial input of [ORGS NAME]. This also includes an expectation that [ORG NAME] will be represented at Regional Assembly and Regional events whenever possible.
