Supported Decision-Making Explored and Explained <i>Thomas F. Coleman, Legal Director, Spectrum Institute</i> Attorney Tom Coleman will explore the concept of supported decision-making (SDM) from a legal perspective and explain how it differs from substituted decision-making mechanisms such as powers of attorney and conservatorships. Anyone considering SDM needs to address issues such as constitutional rights, legal capacity, undue influence, risk of abuse, conflict of interest, fiduciary duty, and legal liability. Finding the proper balance between respect for individual freedom and providing societal protection will be a theme running through the presentation. Time will be allowed for questions and answers.	10:00 am

Meet with Your Legislators on March 28, 2017

Tuesday, March 28, 2017

Capitol Visits

Please call your Senate and Assembly Representatives and make some time to meet with them while you are here in Sacramento. This is very important. Meeting with your representatives in your district is very important but meeting with them in Sacramento helps establish that relationship between an advocate and their legislator. There is still so much to accomplish in the complete turnaround of the developmental services system and your close contact with lawmakers will help make that happen.

Scheduling of legislative visits is the responsibility of the individual but if you need any help please give us a call at (916) 552-6619.
