--	---------

Meet with Your Legislators on March 13, 2018

Tuesday, March 13, 2018

Capitol Visits

Please call your Senate and Assembly Representatives and make some time to meet with them while you are here in Sacramento. This is very important. Meeting with your representatives in your district is very important but meeting with them in Sacramento helps establish that relationship between an advocate and their legislator. There is still so much to accomplish in the complete turnaround of the developmental services system and your close contact with lawmakers will help make that happen.
