How the game works:

Buy one or two (maximum!) necklaces to play. Everyone wearing a necklace stands up and chooses to put their hand on either their head or their heart. Our emcee will flip a coin and announce if it shows "heads" or "hearts". If it lands on the side matching where you have chosen to place your hand, keep your necklace on! If it lands on the side opposite of where you have placed your hand, you must remove one necklace from around your neck. Those still wearing a necklace(s) play the game again. The last person wearing a necklace wins!
