

## HIPAA PRIVACY RULE

Hospitals won't notify us about your stay, nor will Jewish chaplains visit or share your information with us unless you specifically give permission and request that they do so.

Rabbi Sharfman and Congregation Kehillah want to support Kehillah members – so many emotions and issues arise during illnesses requiring hospitalization. Please call the Kehillah office, 602-369-7667, and give us your name, hospital name/room number and any health details you can share to enable us to be responsive to you and your needs.
