

Bio

Ana Gonzalez

Ana Gonzalez
Executive Director
YLI Foundation

Ana Gonzalez is an accomplished businesswoman, entrepreneur, investor and philanthropist.

Ana has more than 25 years of demonstrated success across various healthcare settings and philanthropy.

Throughout her executive career, Ana has held leadership positions with Tenet Healthcare, Health Care Legal Services and Diversified Healthcare Resources (DHR) and most recently the Yli Believe Foundation.

DHR was founded in 2005 with \$500 in assets and an extreme desire to be patient centric. Her technical expertise in eligibility and enrollment, her hands-on emphasis on patient experience combined with her cutting-edge technology solutions, enabled her to grow DHR into the leading Eligibility and Enrollment Company in California. Her knack for technology led her to develop Patient Advocate Technology (PAT) which distinguished DHR even further, from other Eligibility and Enrollment companies.

In 2016, after selling DHR and PAT to Mednax, a fortune 500 company, Ana took her lifelong passion of giving back and created her private Yli Believe Foundation. This foundation was inspired by her parents and grandmother, who always reminded her that in life, we must stay true to who we are, remain humble, give back to others but never expect anything in return. Ana has lived her life believing in this concept. Believing that blessings are multiplied when you give from the bottom of your heart.

Today, Ana continues to follow her passion for making a difference through her Yli Believe Foundation by encouraging people to look inward for purpose, value, and power. She works with the individuals to build and expand confidence through education, direct mentoring, foundation events, and scholarships.
