

ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Indiana University School of Medicine, Indiana Primary Health Care Association, Indiana Dental Association, Indiana University School of Dentistry, and the Indiana University School of Nursing. The Indiana University School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

IU School of Dentistry is an ADA CERP Provider. The Indiana University Center for Professional Development and Lifelong Learning is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

DESIGNATION STATEMENT

The Indiana University School of Medicine designates this live activity for a maximum of 7.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Dental Professionals will earn 8 CEU's. Indiana University School of Medicine has been approved by the Indiana Social Worker, Marriage and Family Therapist and Mental Health Counselor Board to provide Category I Continuing Education program. This activity qualifies for 7.25 Category I CEU as outlined by the Indiana Behavioral Health and Human Services Licensing Board. 7.25 continuing nursing education contact hours will be awarded to those who attend the full activity and complete the electronic activity evaluation.

REGISTRATION FEE

\$100 for Healthcare Providers. Conference fee will be fully refunded if cancellation notice is received within 7 days prior to the conference. Free to students and residents.

Contact IUSM at 317-274-0104 for questions about registration.

IMPROVING CHILDREN'S HEALTH:

Integrating Dental and Medical Services

Saturday, September 29, 2018
8:00 am – 4:45 pm

Indiana University School of Dentistry
1121 W Michigan St. Indianapolis, IN 46202

Featured Speakers:

Adam Rector DDS, MSD

Holli Seabury, EdD

Emily J Norrix, MPH

C Eve J. Kimball, MD

Joan Kowalik, E.BDS

Leila Alter, DDS

Ben Yoder, DDS

Steven Geiermann, DDS

Michael Monopoli, DMD, MPH, MS

DESCRIPTION: Tooth decay is the most common chronic childhood disease. This critical problem can best be addressed through an integration of medical and dental services. The American Dental Association, the American Academy of Pediatric Dentistry and the American Academy of Pediatrics recommend that a child's first dental visit be at or before age one. This first visit provides a foundation for prevention through education. Many parents, regardless of educational level, and many providers do not realize the importance of early dental visits.

Recognizing the need for a collaborative approach to children's dental health, Indiana Medicaid now reimburses medical providers for fluoride varnish applications for children. This conference will satisfy Indiana Health Coverage Program's (IHCP) educational requirements for primary care providers (physicians, nurse practitioners, and physician's assistants) who wish to be reimbursed for providing fluoride varnish.

At the conclusion of this activity, participants should be able to:

- Develop strategies to support early childhood dental visits;
- Recognize the importance of early oral health intervention through research, data, experiences, dental and medical practitioners;
- Identify where reimbursement is available for these visits in your practice;
- Demonstrate how to: perform a caries risk assessment, apply fluoride varnish, and provide oral health counseling in the primary care setting.
