

The Community Health Training Alliance Presents

# Nothing About Us Without Us

A webinar part of  
African American History Month

Topics include

- The inclusion of people of color, living with HIV in development, delivery and evaluation of policy and program planning.
- Barriers and challenges of engaging those most impacted by HIV.
- Breaking down systemic racism within nonprofits, the medical field, as well as research.
- The cure and racial justice.

## This webinar is free and open to the public!
