

GEN-I CAREER SUCCESS FELLOWSHIP

Building career opportunity for Native youth through civic engagement, online skill-building, leadership development, and direct connections with employers

As part of the **Generation Indigenous** movement (Gen-I) — a cross-sector initiative launched by President Obama to strengthen resources and opportunities for Native American youth — **NAFOA** and the **Center for Native American Youth** (CNAY) at the Aspen Institute have partnered to create a new fellowship to build career skills and opportunity for Native youth.

SPONSOR LEVELS:

\$50,000 Opportunity Circle: become a foundational supporter of the online program and conference opportunities for the entire class of 2017 fellows

\$25,000 Executive Circle: support a class of 5 fellows

\$5,000 Fellow: provide a scholarship for an individual fellow

\$2,500 Supporter: support the Gen-I Career Success Fellowship Program

Sponsors will be acknowledged and promoted throughout NAFOA's Conference marketing materials, website, and social media.

For information about Gen-I sponsorship, please contact Cody Harjo at cody@nafoa.org.

GEN-I CAREER SUCCESS FELLOWS WILL:

Build career and financial literacy skills by enrolling in NAFOA's online Native American Career Success Academy.

Build networks in their community by completing civic & fundraising engagement activities.

Complete the Gen-I Career Leadership Summit preceding NAFOA's Annual Conference where fellows will participate in seminars led by inspirational Native professionals that will advance their new skill set and prepare them for the job market.

Connect directly with employers at NAFOA's Annual Conference by participating in special Gen-I networking events and luncheons, job shadow opportunities with conference participants, and special presentations.

This is your opportunity to join the **Gen-I movement** and help build career opportunity for Native youth.
