

## 2018 Membership and Sponsorship Package Details

The Yarmouth Chamber of Commerce is an association of businesses and organizations formed to promote and support business development and community welfare, to provide a voice for business and to encourage the exchange of ideas and information. Along with close to 200 members, we are dedicated to the development of the commercial, financial, civic, and economic environment of the Yarmouth business community.

### Key Chamber Initiatives:

- Provide impactful, well-attended networking events
- Increase membership and our circle of influence
- Improve communications on issues that matter
- Offer customized business resources to members
- Strengthen the ties between business, community organizations, educators and citizens of Yarmouth

With almost 60 years of serving the Yarmouth business community, the Yarmouth Chamber of Commerce spent this past year learning from our members. After a well-received Member Survey this past spring, we are excited to move forward into our bright future. While we continue to provide our great traditional lineup, we are thrilled to be working on innovative programs and events to support all our members.

Based on our research, we are introducing membership plans that include more incentives and marketing opportunities. In addition to this, we want to welcome businesses that are seeking more involvement to consider a Chamber-based sponsorship. Please read on for more details and don't hesitate to contact us with any questions you may have. We are happy to help you find the best plan to suit your business!
