

8:30-9:00am	Registration & Welcome	<p><b>Event Host:</b></p>  <p><b>UKHealthCare.</b></p>
9:00-10:00am	<p><b><i>The Future of Health IT: A Holistic Approach</i></b>            Carol Steltenkamp, MD, Chief Medical Informatics Officer            University of Kentucky HealthCare and Kentucky Regional Extension Center</p> <ul style="list-style-type: none"> <li>○ Review the current state of IT across the national and international landscapes</li> <li>○ Discuss the HIMSS EMR Value Suite</li> <li>○ Examine opportunities for Health IT in continuity of care</li> </ul>	
10:00-10:10am	Break	<p><b>Event Sponsors:</b></p>  
10:10-11:00am	<p><b><i>Informatics Panel Discussion:</i></b></p> <div style="display: flex; align-items: flex-start;">  <div> <p>Dr. Carol Steltenkamp, MBA            Chief Medical Informatics Officer            UK Healthcare</p> </div> </div> <div style="display: flex; align-items: flex-start; margin-top: 10px;">  <div> <p>Dr. Brett Oliver            Chief Medical Informatics Officer            Baptist Health</p> </div> </div> <div style="display: flex; align-items: flex-start; margin-top: 10px;">  <div> <p>Victoria Bradley DNP, RN, FHIMSS</p> </div> </div>	
11:00-12:00pm	<p><b><i>EHR Optimization: Blueprint for Sustainable Change</i></b>            Victoria Bradley, DNP, RN, FHIMSS            Paulette Frost, BSN, RN, Div Director Clinical Informatics KY One Health</p> <ul style="list-style-type: none"> <li>○ Identify the organizational benefits of a centralized change control process for EHR optimization</li> <li>○ Describe components of a governance structure to prioritize and schedule system changes</li> <li>○ Differentiate between maintenance and optimization change requests</li> <li>○ Explain effective ways to communicate and train users on system changes</li> <li>○ Describe challenges and obstacles to implementing a structured change control process</li> <li>○ Review the importance of tracking and presenting status reports on change requests</li> </ul> <div style="display: flex; justify-content: space-around; margin-top: 10px;">   </div>	

12:00-1:00pm	<b>Lunch and Networking session</b>	<b>Event Host:</b>
1:00-2:00pm	<p><b><i>Applying Agile Principles in a Waterfall World</i></b>            Patrick Quirk, PMP, CSM - FoQUS Partners            Bud Ratliff, PMP, MCTS, MCSE, MCT – Solarity Group</p> <ul style="list-style-type: none"> <li>○ Understand the history of traditional project management and Agile methodologies</li> <li>○ Discuss the theoretical and practical differences between traditional project management and Agile methodologies</li> <li>○ Identify best practices for project management in today's healthcare environments (differentiate clinical from IT/Infrastructure, application development, construction/facilities, etc.)</li> </ul> <div style="display: flex; justify-content: space-around;">   </div>	 <p><b>UKHealthCare</b>            UK Albert B. Chandler Hospital            Pavillion A</p>
2:00-2:10pm	<b>Break</b>	<b>Event Sponsors:</b>
2:10-2:40pm	<p><b><i>Reportlandia: A look at Report Writing Basics</i></b>            Louise McClung, RN-BC, Clinical Informatics, Information Systems,            Georgetown Community Hospital</p>	
2:40-3:10pm	<p><b><i>Embedding Discharge Workflow</i></b>            Jennifer Dorsey, MSN, RN-BC (University of Kentucky)</p> <ul style="list-style-type: none"> <li>○ Understanding Informatics Roles/Processes</li> <li>○ Appreciation of innovation from collaboration</li> <li>○ Realize the benefits of embedding documentation into workflow</li> </ul> 	
3:10-4:00pm	<p><b><i>Interoperability in the Real World</i></b>            Gary Ozanich, Associate Professor of Practice in Health Informatics            @ Northern Kentucky University, KHIE Coordinating Council</p> <ul style="list-style-type: none"> <li>○ Describe the current state of interoperability for health information technology nationally and in the region.</li> <li>○ Explain the relationships between interoperability, HIT infrastructure and population health.</li> <li>○ Evaluate the clinical informatics applications that will be developed and supported as the HIT infrastructure evolves.</li> </ul> 	
4:00pm	<b><i>Symposium Adjournment &amp; Evaluations</i></b>
