

North Carolina's Coastal Crescent Trail

Do you love Southeastern North Carolina?

Do you enjoy the beauty of the outdoors where you live?

Please join us at one of four public forums to learn more and share your ideas about building a trail through **Johnston, Sampson, Cumberland, Bladen, Pender and Onslow counties.**

Friends of the Mountains-to-Sea Trail needs your help to develop a plan for the future of the Coastal Crescent Trail. Friends created the trail as a way for people who are hiking across North Carolina to explore some of the most special places in the Coastal Plain. Now, Friends is seeking ideas for how to make the route even more enjoyable and interesting – by making sure travelers see interesting spots, by moving parts of the trail that are on roads to trail, and by identifying camping and lodging spots.

Your Voice Matters.

Please join us at one of the public forums listed below. Feel free to drop in at any time during the two-hour session to see proposed trail maps and share your ideas. A brief project overview will be presented at 5:00 p.m. and 6:00 p.m.
