The Pinnacle Health Foundation has supported the MVP for more than 20 years. The Triano family established the Gene J. Triano, MD Memorial Endowment Fund to preserve his memory as a radiologist who cared deeply for his patients. In 2017, 330 women received potentially lifesaving treatment through the MVP.

Since 2009, the tea has raised over $800,000 for breast cancer screenings and provided services to more than 5,000 women.
