**See schedule on website for exact locations and times*

The Building Bridges Program is a three-day seminar for Catholic School educators (grades 5-12). This is a unique professional development opportunity designed for Catholic educators to learn how to teach about the Holocaust, antisemitism and its lasting effects on contemporary society. Teachers who attend will be provided with multiple resources free of charge. Participants will be introduced to pedagogical approaches for teaching about the Holocaust including testimony from Tennesseans of that era. Each participant will receive a certificate of participation at the end of the program which can be applied toward professional development credit through the diocese. Continental breakfast and lunch will be provided. The training will conclude with a Shabbat service and dinner.
