About Us:

We side with style over fashion, think timelessness is underrated and find that clothes look best when they're lived in. We love color-blocking and pattern mixing and temper tomboy with heels. We're fans of tousled hair and think everything's right when something's left just a little imperfect. We wear sneakers with suits, wing tips with jeans and chambray on chambray. We don't believe there's such a thing as overdressed – and we don't rent tuxedos. We're an American brand, but we source fabrics from around the world: Japanese, seersucker, Irish linen and Italian wool. We don't believe there's just one way to wear an outfit, but we do have a few ideas on how to pull one together. For us, the magic is in the mix.

APPLY TODAY for immediate consideration! We hope to hear from YOU soon!

We are committed to affirmatively providing equal opportunity to all associates and qualified applicants without regard to race, color, ancestry, national origin, religion, sex, marital status, age, sexual orientation, gender identity or expression, legally protected physical or mental disability or any other basis protected under applicable law.
