# 72% OF ILLINOISANS SUPPORT A FAIR TAX SYSTEM

A majority of working men and women in Illinois, the lifeblood of our state, support a fair tax to stabilize our state's finances and strengthen our communities so we can get back on the right track.

## FAIR TAX FACTS

- + A fair tax places less of a burden on low and middle-income families.
- + A fair tax could raise an additional \$2 billion in revenue while providing a tax cut for 90 percent of Illinoisans.
- + A majority of states (33) use a fair tax structure.
- + States with a fair tax on average grow their economies as fast or faster than states that do not.

Let's pass a **FAIR TAX NOW** and revitalize Illinois' economy.  
Put a **FAIR TAX** on the ballot **NOW** and let Illinois decide how we want our state to work for us.
