

Food Service Update 2018-2019

The North Royalton School District is pleased to introduce their My School Menus™ mobile app for parents and students available for free in the iTunes App Store and Google Play. The My School Menus™ app allows access to nutrition information for the school meal programs on any device. My School Menus™ is designed to provide nutrition information on all of the foods served in the school meal programs. This app will enable parents, students and teachers to make healthy food choices whenever it's convenient, 24 hours a day, 7 days a week, 365 days a year.

In addition, the app also allows access to the link for **My School Bucks** to make lunch and breakfast payments and the North Royalton district's link to **Gateway for Free and Reduced Lunch and Breakfast application**. (*Free and Reduced breakfast and lunches can be applied for at any time during the year. Eligibility entitles your child to both breakfast and lunch. All menu items qualify for a meal. This includes pizza, salad bar, all sandwiches, hot entrees, fruit, vegetable and milk.*)

Parents of the North Royalton School District can access this service by going to either the iTunes App Store or Google Play and downloading the app to their device. You can also get the same information by visiting the district website or www.MySchoolMenus.com. There, you can easily print nutrition information and district menus for posting at home. The Food Service Department at North Royalton School District is excited to offer parents and students this new nutrition resource.
