GEO'S LAST  
EARTH WEEK EVENT

# Climate Change

A dark silhouette of a person is shown climbing a jagged rock face. The person is in a dynamic pose, with one arm extended upwards and legs bent, suggesting an ascent. The rock face is composed of several angular shapes, creating a sense of depth and texture. The background is a solid teal color, which contrasts with the dark silhouette and the white text.

From 4-10pm, 50% of the profits as well as all donations will  
benefit the Spokane River Forum
