

**Call for Nominations
Extraordinary Women Leaders**

Submissions due by Friday, October 19th, 2018

The Maryland Chapter for the Health Information Management Systems Society (MDHIMSS) is calling for nomination for extraordinary women leaders who have effectively demonstrated in improving the delivery of health care with the use of information and technology solutions within her organization and within our local communities (i.e., patient safety, coordinated care, population health, wellness, access and cost-effectiveness)

Nominees must meet all of the following requirements:

- **Criteria :**
 - Active leadership role in Maryland
 - Measurable results, in the effective use of information and technology in support of the strategic initiatives of her organization and within our local communities (i.e., to improve patient safety, coordinated care, population health, wellness, access and cost-effectiveness)
 - Submit nomination application and a letter of recommendation
- **Selection preference will be given to nominees who:**
 - Serve as mentors to women colleagues seeking to enter or advance within the health information and technology field
 - Are active HIMSS members with demonstrated membership involvement
- **Nominees are excluded if**
 - Currently serve on a HIMSS board

Submissions due by Friday, October 19th, 2018 to MD.ProDev@himsschapter.org
