

Leadership School for Mission and Renewal

The school will present one course (8-12 classes each) in the spring and fall of each calendar year.

The main class will be conducted by an instructor in person and live-streamed to multiple sites. A facilitator will conduct the classes at the satellite locations.

Completion of at least one course in each of the four disciplines will qualify a student for a certificate of completion in the school. Certificates help to identify lay people who are equipped for service in the mission of the church. Think of a Certificate as a milestone in your preparation for service or leadership.
