

It's time for the Loon Preservation Committee's spring work day! Come help loons by building loon rafts and signs:

Friday, April 20, 2018, rain or shine.

9 am – 2 pm (or any part of that time that you can attend)

The Loon Center

183 Lee's Mill Road

Moultonborough, NH 03254

(directions at our website: www.loon.org)

- We will be building nest signs and two kinds of rafts, mixing up a batch of nest material 'stew', and rigging game cameras for LPC's 2018 research projects.
- Wear work clothes and bring work gloves, ear plugs and safety glasses if you have them (also available from LPC). Cordless drills and basic carpentry tools may also be helpful—please check with us if you have questions about whether to bring them.
- Bring a bag lunch. Snacks and beverages provided by LPC.
- It's fine to attend for part of the 5-hour workshop.
- We will have an alternate work session on May 4-5 (depending on interest), for volunteers who can't attend on April 20.

Please RSVP to John Cooley by email (jcooley@loon.org) or telephone: (603) 476-5666.

Looking forward to your help!

2017 Raft Day (1 of 5 rafts built)

A raft in use for the first time in 2017!
