

November 8, 2018

Dear CWMA members;

CWMA ED Announcement

The Board of Directors regret to inform you that our Executive Director, Will Burrows, has tendered his resignation effective December 31, 2018.

For the past 11 years the CWMA has benefitted greatly from having Will as its Executive Director. Over that period our membership has grown, our reach and relevance has extended beyond our immediate region, we have hosted successful conferences and networking events, and we continue to fulfill our mission of “fostering environmental leadership and best practices by providing a forum for discussion, education and networking.”

While all those achievements are the result of teamwork, we know that Will is a large part of our success. Although Will has agreed to continue to support the day-to-day operations of CWMA until a replacement is found, I would like to take this opportunity to thank Will, and his family, on behalf of the Board, for the time and effort they have invested in CWMA. He will be greatly missed. I’d also like to ask you, our members, for your support as we begin the challenging task of replacing him.

Questions regarding the position may be directed to the Board at the address below.

Thank you;
Harmony Huffman
CWMA Chair
