West University Elementary School students and family are invited to attend our upcoming family series performance!

.....

It's a jazzy, fun-filled celebration of Mardi Gras with a menagerie of friends from the animal kingdom! Joining the jubilee is Stain-Saëns' *Carnival of the Animals* including elephants, kangaroos and feathery friends vividly brought to life by the orchestra and duo pianists.

Associate Conductor Robert Franz is also taking us on an icy, dancing excursion with music from *Happy Feet*, featuring his party-pal penguin Mumble. Come dressed as your favorite animal and get ready to party symphony-style!

.....

Tickets are \$22 (All West U Students and Family receive the Child ticket price with the handling fees waived.)
