FREE SERVICES TO THE PUBLIC SINCE 1989

New Executive Director Announcement

We are pleased and excited to welcome our new executive director, Lise Dyckman, to PlaneTree Health Library.

Lise brings us a wealth of knowledge from her career in hospital, academic, and corporate libraries, as well as extensive experience in developing educational and public programs and in strategic planning. She has also served on the boards of directors for professional library groups and for community organizations.

Lise's technical and medical expertise, communication skills, and collaborative approach will be wonderful assets for PlaneTree as we move forward with new goals. She will lead development, funding, and implementation of new online services. She will also expand and promote our new website www.planetree-sv.org, which features our monthly e-newsletter *PlaneTalk* and extensive recommended health links.

"I've seen how much engaged non-profits can achieve," Lise says. "I've followed PlaneTree's accomplishments through the years and am thrilled to have this opportunity to work with the energetic board of directors and experienced staff." She joins our other part-time staff, Aleta Kerrick, program manager, and Oralia Tercero, bookkeeper.

As our services evolve to further impact our diverse community, we will share key developments with you. We look forward to serving your health information and advocacy needs in the years ahead.

Sheryl Lee, Chair

Candace Ford Gray, Member

Board of Directors
