Adults to help mentor

Help students:

- develop STEM skills and practice engineering principles (like keeping an engineering notebook)
- realize the value of hard work, innovation, and sharing ideas.
- program using a variety of language (Java, HTML, CSS).
- **raise funds**
- design and market their team's brand
- generate/maintain team website
- do community outreach, for which they can win awards.
- have access to tens of millions of dollars in college scholarships.
