

The Outstanding Building of the Year Award (TOBY) is awarded to office, medical, retail, and industrial buildings locally, regionally, and internationally. It is a prestigious award for your property, company, your owners, advisors, and, mostly importantly, your TEAM. This is not a beauty contest – it is an HONOR bestowed annually to qualified properties and management teams.

\*\* If your building has achieved the BOMA 360 or LEED designation, then you are already strategically placed to enter for TOBY based on the work you have already compiled. \*\*

It is not too early to start planning for the next TOBY Award cycle – **start talking with your teams NOW!**

### Entrant Categories:

Think about how best to showcase your building. It may fit into a category other than just by square footage. Other categories to consider:

- INDUSTRIAL – more than 5% & less than 50% office, with dock, OH door, no common lobby
- MEDICAL – 75% medical use with 50% tenancy of physician offices, labs, clinics, hospital
- RETAIL – enclosed or open air, multiple levels, 50% occupied, 25% anchor retailer
- CORPORATE – single-use at least 50% occupied by a corporate entity
- MIXED-USE – at least 10% office space and 3 components of retail, entertainment, residential, hotel, recreation, or other functions
- PUBLIC ASSEMBLY – must be publicly accessible and support multiple uses (i.e. arenas, amphitheaters, courthouses, churches, convention centers, exhibit halls, university buildings, hotels, etc.)
- EARTH – at least 50% office area enhanced through green/sustainable programs
- HISTORICAL – at least 50 years old with original design maintained
- RENOVATED – at least 15 years old with a maintained min of 50% occupancy during the renovations

### Eligibility:

- building must be a member in good standing with BOMA
- must submit/upload entry to BOMA International's online portal
- must undergo a physical inspection
- must score at least a 70%

### Unofficial timeline for Local TOBY Award:

- Formal guidelines published in July
- Local entries due in September
- Physical inspections in October
- Local winner(s) announced November/December

# TOBY

The Outstanding Building of the Year

## Portfolio specification for all categories (excluding Earth):

### Building Description/Physical Standards/Overview

- provide floor plans, aerial photo, site plan, interior and exterior photos

### Community Impact – describe how the property benefits the community with the following:

- jobs provided
- amenities to the community or corporate environment
- tax impact
- transportation improvements

### Tenant Relations/Communications – brag about your:

- tenant relations efforts, programs, and communications
- building amenities
- annual tenant survey results
- newsletters, appreciation letters, event photos, and tenant handbook table of contents

### Energy Conservation – all entrants must benchmark using ENERGY STAR®:

- provide current year (past 12 months) Statement of Energy Performance from ENERGY STAR® and share data with BOMA International online
- describe educational programs for staff/managers/engineers/leasing agents
- describe how building maintenance procedures contribute to energy conservation
- describe how the building EMS reduces building energy consumption

### Environmental/Regulatory/Sustainability/Waste – describe building programs that relate to environmental, regulatory, and sustainability compliance, such as:

|  |   |
|--|---|
| <input checked="" type="checkbox"/> indoor air quality & generator testing | <input checked="" type="checkbox"/> green cleaning            |
| <input checked="" type="checkbox"/> hazardous waste & asbestos management  | <input checked="" type="checkbox"/> lamp disposal             |
| <input checked="" type="checkbox"/> pandemic preparedness                  | <input checked="" type="checkbox"/> water & traffic reduction |
| <input checked="" type="checkbox"/> waste management/recycling             |   |

### Emergency Preparedness/Life Safety – provide evidence of a fire drill conducted with the local municipality within 12 months of entry submission and summarize your:

|   |   |
|---|---|
| <input checked="" type="checkbox"/> procedures/programs     | <input checked="" type="checkbox"/> business continuity plan      |
| <input checked="" type="checkbox"/> staff & tenant training | <input checked="" type="checkbox"/> access control & surveillance |

### Building Personnel Training – share your:

- staff qualifications, industry certifications, degrees and training
- organizational chart
- team's participation in BOMA-sponsored events
