

Kira Begunova

Ms. Begunova received a Master of Science (MSc) in Economics (2002 – 2005) and a Bachelor and Master of Science (MSc) in Petroleum Geology and Engineering (1997-2004) from the Peoples' Friendship University of Russia. While earning her Master degrees, Ms. Begunova joined Druzhba Engineering Ltd. as an Engineer-Geologist in 2002; in 2005 she joined Russian Scientific Institute JSC VNIIneft as a Senior Geologist (both companies were providing services in geomodelling and reserves calculation to Russian majors). In 2007, Ms. Begunova joined LLC EniNeftegaz – a joint venture of ENI-ENEL-Gazprom as a Senior Reservoir Geologist for development of Western Siberia assets. Ms. Begunova joined LUKOIL Overseas UK Ltd. in London in 2010 as a Chief Reservoir Geologist. In 2013, she moved to Houston and is currently the Manager of Geomodelling and Reserves Audit for LUKOIL International Upstream West Inc.
