Melody Meyer has 37 years of distinguished service with Chevron with extensive leadership expertise in global upstream operations, strategic and business planning, major capital project execution, capital allocation, and in delivering superior financial results. Until April 2016, she was President of Chevron Asia Pacific Exploration and Production Company, one of the largest producers in the region with operations in Australia, Indonesia, Philippines, Thailand, Bangladesh, China, Myanmar, Vietnam, Cambodia, New Zealand, with regional headquarters in Singapore.

Ms. Meyer held executive responsibilities as President of Chevron Energy Technology Company, Vice President U.S. Gulf of Mexico and Vice President U.S. MidContinent strategic business units. She was the Operations Engineering Manager in Tengiz, Kazakhstan and Operations Manager in Angola. She has extensive experience working in complex fiscal environments in 17 countries, with a focus on creating advantage from change during three new country start-ups, three merger integrations, managing crisis and risk, mega-capital project execution, and reducing cost and driving efficiencies across diverse asset classes including conventional oil and gas, heavy oil, tight gas, LNG, and geothermal.

Ms. Meyer graduated from Trinity University in 1979 with a BS degree in Mechanical Engineering Science and attended Dartmouth Tuck Executive Education program in 1997.

Ms. Meyer was Executive Sponsor of the Chevron Women's Network and formed Women with Energy LLC. Ms. Meyer was recognized as a Trinity Distinguished Alumni, with BioHouston Women in Science and the ASME Rhoades Petroleum Industry Leadership Awards.
