

Funding Opportunities Through the SBIR/STTR Programs

Funding your innovative research

Are you a small business or inventor looking for a way to fund your innovative idea or research? This workshop will explain how the Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs can help move your innovation and business forward. Particular emphasis will be placed on the United States Department of Agriculture's (USDA) SBIR program.

Wednesday, June 20, 2018
11:00 AM to 12:00 PM (MDT)

Navajo Tech Innovation Center
309 B East Historic Highway 66
Church Rock, NM 87311

The workshop will cover:

- An overview of the SBIR and STTR programs
- An overview of the NM FAST program, and how we can help you submit a strong proposal
- Critical steps and tips to consider when preparing a strong proposal
- USDA solicitation open and closing dates
- USDA solicitation topic review

Dr. Krishnamoorthy "Wish" is CEO at Qynergy Corporation and a SBIR/STTR advisor for NM FAST. He directs Qynergy's efforts to develop business opportunities, attract customers and scientists, garner funding and guide technology development. In doing so he has developed close relationships with both Sandia and LANL, which help in the application of Qynergy's technology transfer business model. As a NM FAST advisor, he helps small businesses submit high quality SBIR/STTR proposals.

Brought to you by the NM FAST program and the Navajo Tech Innovation Center
