

# Adopt A Refugee Family

A LJPC Christmas Tradition! When refugees come to the United States, they may have nothing more than the clothes they are wearing. Women head many of the households because their husbands were killed in war, and the women and children have fled to safety. You can give the gift of Christmas celebration.

Contact information and brief descriptions of the refugee families and their needs are available at the Adopt a Family table and in the Mission Partner Catalog. Please stop by and find a refugee family that you, your family, or your group can adopt for Christmas.

## Fill A Shopping Bag

Refugee families live on limited incomes. One way Nile Sisters helps during the holiday season is to hand out bags filled with the basics. So the next time you shop for the basics, would you shop for a refugee family too? Please take a bag, fill it up and return it to the church by December 7.

There are shopping lists available for Women, Men, Children, Home, or Gift Cards are always appreciated.

If you'd like to help with the distribution at the Nile Sisters office, email Christy at [czatkin@me.com](mailto:czatkin@me.com).
